# ANNUAL REPORT

2024

**"LET'S SEE  
WHAT LOVE  
CAN DO..."**

**When go.build.love. started in 2018, we didn't know that everyday nearly 10,000 people globally die from dirty water.** We also didn't know that 1/3 of those people didn't know Jesus and in LAC (Latin America Caribbean), specifically, 5 out of 6 people are simply far from God. What we did know was that we had a calling to serve the poor in places like Haiti. Clean water seemed like a good place to start and our obedience to Jesus gave us our "why."

So we just started doing it. No permission was given. Vacation time was eaten up, a little money was raised, and we got after it. Then we would go back to those places and people to check on their progress only to find out that what we thought they needed was only part of what they needed.

We were missing a big piece of what it meant to truly see life change flood the streets of these communities.

**SETH RAY**

founder,  
go.build.love.

What was missing? Time and technology. We needed to spend more time in these places and we needed a way to teach, train, and track the work we were engaged in. We need to do good different.

So we built some partnerships with some really smart people, began utilizing technology to not only track our progress but also our effectiveness and then connect that impact to our donors.

Rather than trying to tackle the world water crisis, we made a decision to go after the heart. Through the gift of clean water, we are able to make Jesus known, not only allowing us to create disciples of local leaders, but also training them to be disciple-makers - and we prove it along the way! That's doing good different and we are excited to invite you into the story we are rewriting around the world. In this report, you will find:

## Stories

We've seen God at work in a million ways this year, but here are just a few of the stories of transformation through the power of clean water.

# FELIPA

Felipa was suffering from a debilitating illness. When we visited her, we provided a clean water filter, a vital tool for her health and well-being. With unwavering faith, we also prayed for her healing. As she prayed, a remarkable transformation occurred: the symptoms that had plagued her began to fade, replaced by a profound sense of peace. This miraculous experience is a testament to the healing power of God's love, the unwavering strength of human faith, and the practical impact of providing essential resources like clean water.

# DORIVAL, LOVENA

Pastor Dorival, a local pastor in Haiti and a gbl partner, has inspired his entire community to embrace the gbl mission. The community was a recipient of a gbl 1DAY church, which has been an incredible picture of what it looks like to build stronger communities on top of water.

Lovena, a 13-year-old from a family of 5, is the only member from her family who embraced Jesus during our 17-week KINGDOMSch.. She prays for her family's salvation and for the Petit Group to continue spreading God's word.

# IMPACT SO FAR

**Total People Impacted**  
→ Lifetime: **38,534**  
→ This Year: **3,903**  
→ Next 4: **135,000**

## Filters Distributed

- Lifetime: **7,221**
- This Year: **765**
- Next 4 Years: **25,000**

## Follow Ups Completed

- Lifetime: **13,208**
- This Year: **2,295**
- Next 4 Years: **100,000**

## Salvations Recorded

- Lifetime: **1,522**
- This Year: **227**
- Next 4 Years: **5,500**

## Buildings Built

- Lifetime: **14**
- This Year: **4**
- Next 4 Years: **25**

## People Disciplined

- Lifetime: **20,897**
- This Year: **1,425**
- Next 4 Years: **75,000**

## Missional Communities

- Communities Planted: **9**
- Leaders Trained: **208**
- Next 4 Years: **2,500**

THE HARVEST  
IS PLENTIFUL  
BUT  
THE WORKERS ARE FEW

THE OTHER FIVE  
5

**5/6 NOT DISCIPLED**

(LAC Countries)

5 out of 6 people in Latin America Caribbean (LAC) are not yet disciples of Jesus. They may even live in a region of the world where there are churches and Bible Schools and over 10% of people are reached... But this way of considering who we take notice of is a present danger to the more than 80 percent who are not yet reached. We communicate that we don't care for souls when we move our attention, resources, and prayer elsewhere. These soul care decisions should be guided by the Lord of the harvest, the One that truly cares most for every soul. He should be foremost in determining where the focus should be directed as we **pray, go, and give**. Rather than turning a blind eye to the ready harvests around the world that the Spirit has prepared, we need to make every effort to be a part of this real-time, greatest evangelism taking place in Latin America and the Caribbean. The lost, that some may not take notice of, need to know that we still care for their souls. In response to these truths, gbl is taking a bold step forward by expanding our reach to LAC in 2025.

EL SALVADOR

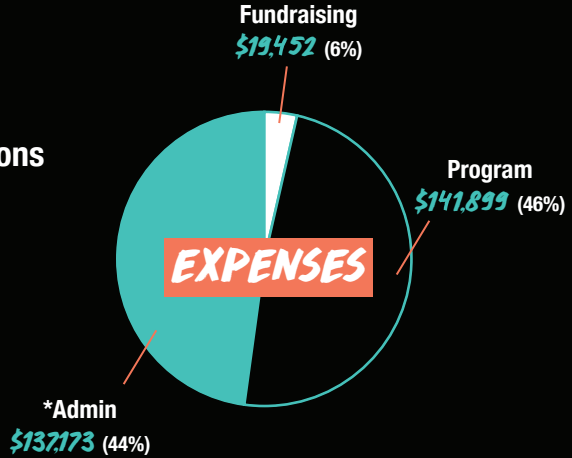

PANAMA

# FINANCIALS

**2023**

**Total Income/Contributions**  
**\$308,894.26**

**Total Expenses**  
**\$298,525.50**

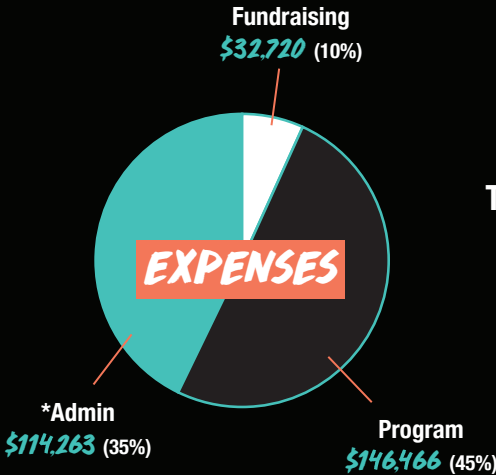

**2024**

(YTD Oct. 1, 2024)

**Total Income/Contributions**  
**\$323,450.48**

**Total Expenses**  
**\$293,449**

\* gbl admin expenses are elevated due to the number of national staff paid through our global water programs.

# WAYS TO GIVE

---

Everyday nearly 10,000 people around the world die from dirty water and 1/3 of them don't know Jesus; we fight poverty through the gift of clean water and making Jesus known so that entire communities can walk in new life and we prove it along the way.

**INVESTING IN CLEAN WATER NOT ONLY  
FIGHTS POVERTY, IT SAVES LIVES.**

## 1. GIVE MONTHLY

Give the gift of clean water every month.

Just \$50 a month can give a family clean water for more than 20 years

## 2. ONE-TIME GIFT

Give clean water. Make Jesus known. See lives changed.

## 3. ONLINE OR BY MAIL

give by visiting [go.build.love.org](https://go.build.love.org)

or sending a check to [go.build.love](https://go.build.love.org), 7770 SW Parkway Dr. Stuart, FL 34997

**THANK  
YOU!**

We want to thank you on behalf of our team, partners, and those who will never get to meet you in this lifetime who have found Christ as a result of your generosity and who will join us in worshipping him forever. The impact of your support through giving and through prayer can never be truly calculated or justly thanked, but we hope this report has blessed and encouraged you as you have caught a glimpse of the mighty way in which God is using your faithful “yes”.
